BACHELOR OF EDUCATION IN INTERMEDIATE PHASE TEACHING: TUITION FEES

The tuition fees to study towards the Bachelor of Education in Intermediate Phase Teaching programme include all study material, assignments, tuition, examinations, and access to a student portal.

Annual tuition fees for the first-year enrolment range from a minimum of R23 155 to a maximum of R24 975, depending on the language choices. Tuition fees are subject to change without prior notice due to the increase in costs to present the programme.

Tuition fee payment options are available to accommodate the needs of individual students. Each payment option is related to a specified tuition fee payment date, which the student is required to rigidly adhere to. The two options available are:

- **Option 1: TWO equal** Tuition fee instalments per semester; due dates **31 March** and **31 August**.
- **Option 2: TEN equal monthly** instalments. The annual tuition fee will be divided into 10 equal payments and payable at the end of each month.

The following table serves **only as an example** of the average tuition fees per option.

<i>Payment Options</i>	<i>Registration Fee</i>	<i>Instalment</i>	<i>Payment Due Date</i>
Option 1: Two equal Semester Payments	R2 500	R10 328	31 Mar

		R2 066	30 Jun
		R2 066	31 Jul
		R2 066	31 Aug
		R2 066	30 Sep
		R2 066	31 Oct
		R2 066	30 Nov

Students who need to make alternative payment arrangements must contact SANTS before the commencement of a semester.

Students are expected to pay a registration fee with the first enrolment on the programme and an annual re-registration fee for each new academic year thereafter. This fee is payable before the commencement of a new academic year. This registration and re-registration fee is deducted from the annual tuition fee payable.

It should be noted that fees are charged per module as per the table below. This rate per module will be applicable to students who have to repeat a specific module. If a student elects to enrol for fewer modules than the proposed semester structure, as might be the case for part-time students, the total tuition fees due in a given calendar year may vary from the amounts listed in the table above.

Applicants who are applying for a student loan or bursary should apply for a total amount that includes the tuition and study material fees payable to the institution.
